MEMORANDUM FOR: Director of Strategic Research
FROM: Director of Central Intelligence
SUBJECT: Proxmire Hearings - Build-up on Sino-Soviet Border

In light of my shortcomings at the Proxmire hearings, I would appreciate some data on the build-up on the Sino-Soviet border. When did it take place? How much was there in equipment and personnel? What is the Soviet policy as to quality of equipment, does it go to the west or the eastern front first? Is there much difference between them? Do they rotate their forces to the far eastern front? If so, how often? Do we watch such rotations like we do the ones to East Germany?
